# INFRARED MOTION DETECTION SENSOR

Detect unauthorized entry or intrusion

The motion detection sensor can be used with all Sensaphone models to monitor the movement of warm bodies in a specific area. It will cause an alarm if motion is detected. Its range of detection covers approximately forty feet of area. Multiple sensors can be wired in series to a single output. The sensor requires 12VDC power (included) for operation.

## TECH SPECS

Name	Infrared Motion Detection Sensor
Connection	Hardwired
Housing	White Plastic
Dimensions	3.4 x 2.2 x 1.7   86 x 57 x 44mm
Sensor Series	Contact Series
Wall Mounting Height	6'9" – 8'9" (2.1 m - 2.7 m); Optimal 7'6" (2.3 m)
Range	Approximately 40'

All specifications subject to change without notice
